

# Fall 2009

## Oceans and Human Health

### I-RICH Seminar Series

**I-RICH mission:** To train scientists who can work effectively in the coastal zone, who understand the dynamics of the coastal system and the specific problems that relate to ecosystem and human health; to provide resources and information that will address and shape human responses to pressing coastal management problems related to living marine resources, seafood safety and human health.

#### **October 23rd**

**Dr. Chris Reddy, Woods Hole Oceanographic Institution**

“Natural Halogenated Compounds in Aquatic Food Webs”

**LOCATION and TIME:** Department of Marine Sciences, University of Connecticut Avery Point. Shennecossett Rd. Groton, CT. Room 103. **3:00-4:00 pm**

#### **October 29th**

**Dr. Bob Bowen, University of Massachusetts, Boston**

“Seas, Society and Human Well Being”

**LOCATION and TIME:** University of Connecticut Center for Public Health & Health Policy The Exchange Complex, 270 Farmington Ave, Farmington, Ct. Conference Room # 173. **12:00 pm-1:00pm**

#### **November 19th**

**Dr. Rebecca Gast, Woods Hole Oceanographic Institution**

“Legions of Legionella in the Coastal Marine Environment: Potential Implications for Human Health”

**LOCATION and TIME:** Department of Pathobiology and Veterinary Sciences, University of Connecticut, Storrs. 61 N. Eagleville Rd. Storrs, CT. Room A-001 (*light refreshments at 10:30 am*). **11:00 am-12:00 pm**
